### Assessment

Our mission is to create strong technical and knowledgeable dancers. At the start of the semester, each student will be given a syllabus explaining what they will learn in the class. Teachers may also give homework assignments (such as stretch 3 times a week, or work on left double pirouette, learn dance vocabulary)

### Mid- Term Evaluation

The mid-term evaluation is an opportunity to determine each student's progress half way through the semester. The evaluation will allow the instructor to assist those students who may need additional training. Mid-Term evaluation will not count against student's final evaluation.

### Final Evaluation

The Final evaluation will determine if the student has learned the required technique and terminology for current class. If the student meets all of the requirements, that student will receive a "Pass" on their evaluation sheet.
